

Wee Workshop Parent Newsletter

September 2021

Welcome to the New School Year!

It was a bit of a rough start with the COVID exposure, but things are starting to settled down. The children are adjusting to their new classrooms and new teachers. There have been a few concerns with the app and we are trying to get them fixed. If you have any questions or concerns regarding your child's new classroom, please let us know.

Classroom Emails

To make communication between staff and parents a little easier, we have set up email accounts for each classroom. To make sure we have the correct email you would like to use for this communication, we are asking all parents to send a quick email from that email. The teachers can then easily save the email to the contact list for their classroom. If you have any questions about which classroom your child is in, please let us know.

Update Immunizations

Please remember to let us know if your child receives a new immunization. The health department requires current immunizations to be on file for all children enrolled in the center.
